Partnership Information

(We share this information with our granting organizations.)

Why are you interested in participating in the DC Ticket Partnership?

How many of your students have been exposed to live theater? All Many Some Few

If awarded tickets, I am likely to: (check as many as apply. All are worthy uses of tickets.):

- Bring students from a single class or school group.
- Use the tickets as a reward for students from multiple classes.
- Read the play with my students.
- Use the play's themes to support my curriculum.

How might you incorporate the production(s) you've requested into your curriculum or in what way do they relate your group? For example, "My history class is studying immigration, and the story of the young people in *Sanctuary City*, who are Dreamers, who add dimension to our curriculum." "My students are in our school musical, they would benefit from seeing a performance with music or dance."

What do you hope your students will gain from this program?

Is there anything else you'd like us to know about your class/group?
